## ANTI-BOLSHEVIKI **GET RECOGNITION**

(By Associated Press)
Paris, May 26—Bulletin—The Council of Four, according to Reuter's Agency, has decided to recognize the anti-Bolsheviki governments of Admiral Kolchalk and Gen. Denikine, if they agree to convoke a genuine constituent assembly and accept its verdict as to the future form of the Russian government and also accept the League of Nations covenant and its consequences as affecting the boundaries of the former empire.

The policy adopted, it is added, will enable the allies to recognize and assist any force in Russia cooperating in the struggle against soviet rule. The allies will not furnish Kolchak and Denikine with troops but will supply them with arms, munitions, money and food on a large scale than here-

# FREE TUITION TO

Granted At Eastern Normal By Regents - Teachers Given Salary Increases.

As a patriotic act, the Board of Regents of the Eastern Kentucky State Normal School, at their meeting here Saturday, granted free tuition in any department of the institution to Arthur Dupre, the French boy who accompanied Lieut.Edmund Powell home from France a few months ago. The youngster came to America with his friend for the purpose of securing an education, and has been attending school in Richmond since, making fine progress. He has shown such an excellent spirit and desire to obtain an education and make a man of himself, that the Board took unanimous action toward giving him every assistance possible and without charge.

All of the present faculty of the Normal were re-elected by the Regents for the next term, with the exception of Miss Ruth Annette Hardin, head of the Expression Department. Her health has made it necessary for her to take a rest to recuperate. Miss Anne McMillan, of Carthage, Ill., succeeds her. President T. J. Coates was also re-elected for another two-year term, which will be good news to his friends and the many friends of the institution where he is doing such fine work. The teachers, except heads of departments, were all granted slight increases in salaries, amounting to about 10 per cent of their present salary scales.

The purchase of Liberty Bonds with the surplus of the institution was approved by the Regents.

The sum of \$2,500 was appropriated to pay for books for the library, and the furniture, was ordered paid. It was bought by competitive bids from Lexington and Frankfort firms, and cost about \$7,000.

Reports from all departments showed that Eastern was in splendid condition, with constantly increasing attendance, and outlook for the summer school exceptionaly bright. Eastern has shown a steady and substantial growth, notwithstanding the fact that practically all of the compe-Cincinnati, May 26-Hogs a tition from big educational instiquarter lower; Chicago a quarter tutions of the state is located in the Eastern district, Louisville, May 26—Cattle 1700; slow; 25c lower; \$5.50 to \$16; hogs 5,100; 15c lower; tops \$20.10 sheep 100; active and unchanged.
